

MBE-TAIWAN 2009

National Dong Hwa University, Hualien, Taiwan

June 5-6, 2009

First Call for Papers

The MBE-Taiwan 2009 conference will be held at National Dong Hwa University in Hualien, Taiwan on June 5-6 2009. The conference is intended as a forum for domestic as well as overseas researchers to exchange news and ideas on the latest MBE technology. MBE-Taiwan 2009 would like to invite all the contributed papers related to MBE technology. Papers are solicited on a wide variety of topics including, but not limited to, the following:

- Fundamentals of MBE growth
- III- V and elemental semiconductor materials and heterostructures
- II-VI materials and devices
- Quantum dots and quantum wires
- Optoelectronics and high-speed electronics
- Wide bandgap materials
- Nano-photonics and photonic crystal devices
- Spintronic materials and devices

Abstract submission deadline: 24 April, 2009

Abstracts should be limited to a maximum of two pages including supporting figures.

All abstracts should be prepared in PDF format and submitted to Ms. Gena Wu (gena@mail.ndhu.edu.tw)

The template can be download from (http://www.se.csie.ndhu.edu.tw/optoelectdemo/mbe_website/index.htm)

Program Chair: Prof. Jim-Yong Chi (祁錦雲); Co-chair: Dr. Gray Lin (林國瑞)

Correspondence: Ms. Szu-Ying Huang (黃思穎); Ms. Gena Wu (吳佳珍)
